I'm going to have a statement on pH for you in five minutes. I'll have a statement on metals in about 30 minutes. Joan

Joan,

Can we release?

Ron

Subject: water quality parameters

Marty, this is all the water quality parameters we have collected so far. Parts of these results should correspond to dissolved metals data you just received.

We are working to get coordinates for the water intakes we sampled yesterday (Durango, Aztec and Farmington). The other coordinates from the water sampling should be in SCRIBE.

Dan
